

It's a big country.

And we're growing a big grassroots network to cover it.

The Worldwide ERC® Coalition has been remarkably effective at achieving reasonable and/or favorable outcomes to legislative initiatives which could have impacted our industry. And we owe much of our success to Worldwide ERC® members who stepped up to provide information to legislators and other key individuals. With your help, we can continue to demonstrate our common-sense solutions to industry issues impacting the managed move transaction. If you think you'd make a good "Public Policy Coordinator" and/or "Legislative Liaison" (as described below), complete and return the attached volunteer application form.

Calling All Volunteers!

If you (or someone you know) would make a good "Public Policy Coordinator" or "Legislative Liaison" (as described below), we want to hear from you! Help us build our grassroots network, strengthen our industry's voice and earn two Worldwide ERC® service points at the same time.

Together, we can make a big difference!

If you're interested in being part of the Coalition's public policy initiative, volunteers for the following positions are needed:

Public Policy Coordinators (PPCs) should...

- Be active local relocation industry representatives.
- Have relationships with members from all segments of the managed-move industry: brokers, relocation management company members, and corporate members.
- Be willing to help the Coalition inform local industry representatives, and, if necessary, organize a special, local public policy meeting about potential legislation or regulation.

PPCs serve as communications links between the Coalition and their local regions.

Legislative Liaisons (LLs) should...

- Have personal relationships with their lawmakers, their real estate commissions, and/or the directors of their state real estate associations.
- Be able to serve as liaisons between lawmakers in their districts and the managed-move industry and help the Coalition stay abreast of potential conflicts and situations where our efforts could be beneficial to industry members or consumers.

LLs serve as public policy links between the Coalition and their regions.
