*“The Worldwide ERC®
government relations program
is foundational to allowing all
of us in the industry to do
business in the U.S.”*

I, the undersigned, subscribe to and endorse the efforts of
The Worldwide ERC® government relations program
as described in the Worldwide ERC® Position Paper
“Policy Statement on the Collection of Real Estate Referral Fees.”

The Position Paper describes the efforts my company and I intend to make
with the goal of eliminating the unacceptable practices
of demanding “after-the-fact” referral fees.

Furthermore, I pledge to use our organizational resources
to train our employees and agents to honor these commitments.
