

# Worldwide ERC® Exam Application

## Option 2 Attestation Statement

**In order to qualify for the CRP® exam under Option 2, the CRP®/SCRP® attesting for the exam candidate must read, complete, and sign below.**

I have read "Option 2" as outlined in the CRP® application document, and hereby attest that the candidate for the Certified Relocation Professional® examination named on page 1 of the application has had at least one year of relocation-related experience, which is defined as follows:

- **Employer** – Candidate handles the development and/or administration of the organization's relocation policy for its employees.
- **Broker and Appraiser** – Candidate works directly with employers, relocation management companies and/or other relocation industry service providers in home sale or home-purchase programs. Working with transferred families does not constitute experience in these instances. CRP® candidates must be able to verify direct working relationships with employers or their designated service organization vendors.
- **Relocation service provider** - Candidate directly serves employers, relocation management firms, or other relocation-industry service providers, working on their behalf, in fulfilling any aspect of an employer's relocation program.

I understand that the submission of false or misleading information may result in revocation of my personal CRP®/SCRP® designation.

PLEASE PRINT
