

Mobility Service Company Membership

IMPORTANT INFORMATION ABOUT YOUR ENROLLMENT FORM

Welcome! We highly value and appreciate your membership, and put you, as a member and a customer, first in all that we do. We hope the following guidelines will be helpful to you as you prepare your enrollment forms, and if you have questions or require assistance, our staff members are eager to help! (Contact information appears at the bottom of page 2).

Member Contact Information

- This is the address to which your Worldwide ERC® member services and information will be mailed.
- Please list only one company name and one designated member representative per form.
- The company name should be the full legal name of the company or its “trading as” name. Please do not include descriptions such as “relocation specialists” unless they are part of the legal or “trading as” name.

Calculation of Fees

Annual membership dues are calculated on a tiered scale, determined by company size. Calculate your appropriate tier based on the number of full-time employees in your firm who are dedicated solely to employee mobility services. Do not include consultants. Early payment (by the date noted on your form) qualifies you for a discount as shown in the table. A basic profile page includes your company logo, a brief company description (200 characters), one service classification listing is included in your base membership fee; additional service classification listings are \$110 each. Country-search keys are \$34 per country, per classification.

For example, in the sample shown below, the correct amount due for service classification listings and country-search keys would be \$280—\$110 for the second service classification listing (Household Goods Transportation) and \$170 for the five (5) country-search keys at \$34 each. Fees due for the service classification listings and country-search keys preprinted on your form are included in the subtotal.

To correctly calculate the total due for your membership, review and update the listing data on the second and subsequent pages of the enrollment form, check the appropriate boxes in the “Optional products and services” section, and add the appropriate fees to the subtotal.

About Service Classifications

Please refer to the enclosed Service Classification Codes document to help you determine the categories under which each Listing Data Set should be published in the online Global Workforce Services Directory. One classification listing is included in your base membership fee; the second and subsequent listings are \$110 each

U.S. DOMESTIC SERVICE CLASSIFICATIONS

For each of your Listing Data Sets, please list the U.S. domestic service classifications that apply and use the spaces provided to indicate the “areas served” for each classification. For U.S. domestic classifications, “areas served” may be described as “Nationally,” or “Locally,” or by listing up to 10 specific states.

INTERNATIONAL SERVICE CLASSIFICATIONS & COUNTRY SEARCH KEYS

For each of your Listing Data Sets, please list the international service classifications that apply. If you wish to have your services searchable by country in the online Global Workforce Services Directory, use the spaces provided to indicate countries served for each classification listing. (A fee of \$34 per country, per classification applies. Please do not list countries if you do not wish to incur these additional fees.) All international service classifications will automatically indicate “areas served” as “internationally” in addition to countries listed, if any.

Website Address (URL)

A fee of \$184 applies for listing your company's website address/URL in your Worldwide ERC®'s online Directory. If you do not wish to take advantage of this benefit, please do not provide your website address in your listing information. Your e-mail address, if provided, will automatically be included in both your printed and online listings at no additional cost to you.

Is the Immigration World Ready for Remote Work as the New Normal?
FRAGOMEN - SEPTEMBER 28 2020

As traditional work environments morph into a "work-from-anywhere" environment, governments have implemented concessions to operationalize this new environment. Confusion reigns. This piece discusses how this precarious situation evolved over the last six months and what can be expected in the year ahead.

Tips for Navigating the H-1B Cap Process
FRAGOMEN - APRIL 30 2019

To prepare for the coveted H-1B Visa application window, advanced planning and strategy can help employees get processed efficiently.

The New H-1B Rules: What Employers Need to Know
FRAGOMEN - NOVEMBER 16 2020

Two recent fast-track regulations published in early October by the U.S. Departments of Labor (DOL) and Homeland Security (DHS) increase the difficulty and cost of qualifying for the H-1B visa program. While legal challenges have been launched, it is clear that H-1B employers are facing important changes in this critical program.

Benjamin Hermantin to David and Addie Fuerst

We highly recommend Mike to be your real estate partner. Mike was instrumental in not only helping in locating and purchasing our house during our relocation to CO, but also was our partner in selling our same home due to another relocation at top dollar.

Mike championed all onsite inspection and contract work personally prior to our listing, including being able to provide qualified contractors through his team at REMAX Masters Millennium. Moreover, Mike provided this on-site leadership while we had already moved and had to relocate! Trust us, if you want a personal relationship with a realtor who knows their stuff and someone you can trust, call Mike.
